Life Church, City Impact Church, 3Cs Church, Equippers Church, Harbourside Church, Elim Church, Church Unlimited, Hope Centre Church, combined together for two evenings of prayer, worship and intercession, at the Viaduct Event Centre, February 1<sup>st</sup>, 2<sup>nd</sup>, from 7.15pm to 8.30pm.

There were no seats in the Event Centre, standing room only, and the whole Centre was packed, with 200 to 300 in the overflow room.

The number attending must have been in the thousands.

I had room to stand with people all around me.

There was a high percentage of young people. This was very encouraging. There were very few of my age. (Over 70)

A worship team led us in praise and worship for a time, before one of the Church leaders came and led us in prayer and intercession. Another time of praise and worship followed, before one of the other Church leaders led us in prayer and intercession again. This was how the evening went.

Some of the praise and intercession focused on:

Exaltation of Jesus

Government

Families, marriages, children

Church unity

Exaltation of Jesus

Revival from the Cape to the Bluff

Harvest of the lost

Release of the provision for the vision

Exaltation of Jesus

Auckland City

Wellington City

All Cities and Towns of New Zealand

Exaltation of Jesus

Pastors, Church Workers

The Broken Hearted

The Needy, Hurting, Homeless and the lost

(Many other I have forgotten)

The Church leaders have a big vision. They are looking for increase of venue size, and increase of frequency of the Prayer Gatherings as “provision for the vision” is released.

I was amazed at how quickly the time went.

The praise was so loud at times, my ears were having difficulty coping.

It was an amazing privilege to be able to attend. A friend Dr Ross Pellow took me along. I am so thankful.
